Dear Mr M^cLeod

We would
like to have our Antique
Slaves treated at
the Laboddy as you
had those at the
Corcoran — do
you think you could
the same man to

put the same substance

on he did for
you, about what
was the Cost? and
does the experience
you have had in
the matter give
you the assurance
that the treatment
is the most desir-

You will oblige
me very much if you
will be good enough

to reply to this

I may receive
it Sunday morning,

Sir:

I have the pleasure to acknowledge
the receipt of your letter of the 12th in-
stant, in which you enclose an extract
from a communication of Mr. Ezekiel,
Sculptor, relative to a Colossal Bust
of Washington, made by him in 1872,
and

and understood to be now at the
Custom-House in New York. Mr. Eze-
kiel refers to the Joint Resolution of
Congress of June 14, last, authorizing the
Secretary of State to take certain action
relative to the erection of a monument
at the birth-place of General Washington
and desires that he could furnish his
bust, with proper base, for the amount
appropriated.

In reply, you may inform Mr.
Ezekiel, that the consideration
thus far given to the general sub-
ject renders it improbable that
the proposed form of memorial
would

would be determined upon. Thank-
ing you, however, and through
you, Mr. Ezekiel, for the sug-
gestion thus kindly made,

I am, Sir,

Your obedient servant,

Dear Sir

Thanks for your 518th
and we are glad that the general
appearance of the work pleases Mr
Corcoran and yourself.

As regards the portrait we will
lighten it as much as possible
but we are under the impression
that the likeness is artistically
satisfactory and as an engraving
a success we will do all we can to

make it satisfactory to Mr Corcoran

We will alter the word to which
you object "dirty" and substitute
"grave" as you suggest.

Dear Sir

We have an
old picture here, which is
supposed to belong to the "Lost
Nile". It is one among many
curiosities, gathered together by an
English Sea Captain. The picture
is 20 x 14 in. It is taken on a
recessed "two persons". The faces
are very fine, and so clear that
each separate their features.
It is indeed a very old picture
and without any name. But
I wish to know if, from I can
ascertain, whether it belongs
to the "Lost Nile" and if it are
what is its probable value

I will submit a great
favor, if possible, inform
me how I can ascertain
these facts. Hoping to hear
from you.

I am,

Very Respectfully

Dear Sir.

I shall forward to morrow to your
address a Painting called The "Awakening of
Spring". The Picture has been introduced to you
by the interest taken in it by Gen. Marcus J.
Wright. and Col. Andrew Keller.

The Painting has never been properly
exhibited in this Country. At The Centennial
Exposition. it was awarded a Diploma & Medal
though unfortunately hung too high and bad
light.

It may be of interest to you to know
something of its history - I commenced the
work in Paris in the spring of 1870^{being} at the time
a student in Academy de Beaux Arts. atelier

de M Pils. was obliged to abandon the work
on account of the FrancoPrussian War. During
the troubles of the Commune my studio & contents
were all destroyed. I recommenced the work in
Rome and finished the picture in time for the Exposition
which takes place every spring on the Pincio. It
was placed on the list - in the main room
The "Capitale de Rome" spoke of it in high praise and
I was generally greeted by the Circle Artistic International.
The same year it was exhibited in Munich, where it also
had the place of honor, provoking highest praise
in the Allgemeine Zeitung. It also gave me the compan-
- ionship of the great artists and the most charming compliments
of the Late Kaiser.

My Ambition to remain true to my country and
be of some benefit if possible at home. I returned
full of hope that the success gained would place
me beyond doubt in the foremost rank of my country's
workers. Unfortunately I chose the backward and
associations of home made it necessary for me
to remain. In 75 I came to Paris, where

forming a companionship in the work of
Prof H.G. Joes. then Teacher of Drawing in the
Polytechnic Department of this University. This has
since led to an Art Department in connection with
the U. The Result of this last enterprise need not
here be elaborated. suffice it to add it has now grown
to be one of the most important Art schools on
the continent.

The work by which you may also have
learned to know me (though not publicly) are the
Pageants of the Memphis. Wanders and Veiled Prophets
of this city. ~~I have~~

In the hope that these few remarks will
not be out of place I remain Respectfully

Yours
Carl Lutz

P.S.

The Painting represents Nature after the sleep
of Winter, awakened by the warm kiss of Love ⁱⁿ ~~the~~ ^{the} ~~the~~
the little sprites taking away the snow covering.
It was painted before the picture by Cabanel.
to which it bears a slight resemblance in composition.
